

NUTS & BOLTS

Details about Your Upcoming Visit

WHERE CAN WE EAT OUR LUNCH?

If the weather is nice, groups may eat bag lunches in the BMA's Sculpture Gardens. The BMA has no vending machines or cafeteria with fast food. No drinks, food, or gum are permitted in the Museum galleries.

If you would like to eat in the Garden, you must make arrangements with the Education Coordinator when you book your tour. Please respect the following guidelines in the Sculpture Garden:

- Food must not be opened or eaten on or near the sculptures.
- Students must not touch, sit, climb on, or put their feet on any part of the sculpture, including its base.
- All trash must be placed in the receptacles and the area must be left clean.

WHERE DO WE PUT COATS, LARGE BAGS, BACKPACKS, AND BAG LUNCHES?

The BMA requests that visitors NOT bring backpacks or other large bags to the Museum.

- School groups entering the School Tour Entrance will place coats, backpacks, and bag lunches in special bins before entering the galleries.
- Groups or individuals entering the Visitor Entrance will be asked to place all backpacks, large bags, baby backpack carriers, and umbrellas at the free Coat Check near the Visitor Entrance. (This includes purses, bags, or diaper bags 11 x 14 inches or larger.)

MAY WE TAKE PHOTOGRAPHS?

Visitors may take photographs in collection galleries as long as no flash, lights, or tripod are used. However artworks in temporary exhibitions and artworks on loan may not be photographed. Videotaping is not permitted in the galleries. Photographs may not be reproduced, distributed, or sold without permission from the BMA.
